### **2.5.1 Mechanism of internal assessment is transparent and robust in terms of frequency and variety.**

Internal assessment in college is so transparent that every student has an idea about the standard internal evaluation process of the theory and practical subjects. The institute follows the regulations of Dr. Babasaheb Ambedkar Technological University, Lonare, for first year students and Rashtrasant Tukadoji Maharaj Nagpur University, Nagpur for higher semester students. The internal assessment is carried out in a systematic manner for theory, practical and project work. The college prepares an Academic Calendar in line with university calendar prior to the commencement of the academic year in consultation with the Heads of the Departments. Then the College organizes orientation programs for students to make them acquainted with the rules and regulations of the affiliating university, examinations, evaluation process, and extra-curricular activities etc., Head of the Departments communicate about the labs and subjects of the semester and the college folder indicating the important events including probable dates of examination, extra-curricular and other activities to be conducted in forthcoming academic session, are handed over to the students after the orientation program and college website link is also provided simultaneously. The information about the orientation program given to parents through telephonic call or via SMS.

All examinations are conducted as per academic calendar. Marks for all examination and experiments performed will be displayed in the departmental notice boards. If the students fail to appear due to some sound reason in the regular mid semester examination or sessional examination, then the students are permitted to appear in re-mid semester examination or re-sessional examinations for performance improvement. The slow learners are permitted to improvise their marks if they have scored low, in such case the students are given an opportunity to improve their marks by appearing in an oral examination, participation and performance in assignments, group discussion, quiz session, seminars, technical events , sport, cultural and NSS activities. It is always ensured that all students are satisfied with their internal assessment. All the records and data bank of attendance in internal Examinations, Question papers, valued answer sheets/copies, summary of marks sheets, are properly maintained by the teachers for academic monitoring.

A Parents' meet is organized in each semester and information about the date and time is once again given to parents either through telephonic call or via SMS. Letters are sent to parents of students having less attendance or less marks. Parents are shown complete student record including attendance, marks scored in each subject, assignments submitted, extra-curricular and other activities attended by their wards. Parents can also view the answer sheets.
